[Somachine Crack](#)

The screenshot displays the SoMachine software interface for project BRU2013. The main window shows a network configuration diagram with a central PLC1 unit connected to an HMI1 unit and several field units (FU\_BRU1\_TR, FU\_BRU1\_VE, FU\_BRU1\_TP, FU\_BRU1\_SE). The interface includes a menu bar with options like 'Home', 'Eigenschaften', 'Konfiguration', 'Programm', 'Inbetriebnahme', and 'Bericht'. On the left, there are 'Online-Konfigurationsfunktionen' such as 'An-/Abmelden', 'Mehrfach-Download', 'Quell-Download', 'Daten speichern', and 'Daten wiederherstellen'. On the right, an 'Informationen' panel provides details for the HMI1 device, including its name, manufacturer (Schneider Electric), version (2.0.3.24), and article number (HMIGTO5310/5315). The 'Online-Status' panel indicates the connection status as 'Nicht verbunden'. At the bottom, a 'Viejo-Designer' status bar shows 0 errors, 0 warnings, and 2 messages, along with a table of project objects.
